

Unit 4

The Sky

Picture reading

Look at the picture and answer.

- What can you see on both sides of the street?
Ans. I can see shops and people moving around on both sides of the street.
- Why are there two dustbins? Do you know why one is blue and the other is green in colour?
Ans. There are two dustbins because of two types of waste. The blue one is for dry waste and the green one is for wet waste.
- Why is the man in dark glasses holding a white stick?
Ans. The man in dark glasses is blind. He is holding a white stick to find the way to move.
- Do you know which toy the boys are playing with?
Ans. The boys are playing with spinning top.
- How many bullock-carts are there in the picture?
Ans. There is one bullock-cart in the picture.
- Name the different animals in the picture.
Ans. Bull, dog, cat, sheep.

Chapter 10. Night

Summary

Madhu liked trying various foods, dining under a banyan tree daily. One day, he shared his lunch with an old man who claimed the tree granted wishes. Madhu wished for limitless food and received it, but soon grew tired. When he got hiccups and needed water, the tree only provided food. After asking for water, a jug appeared. Drinking stopped his hiccups, teaching him water's value.

New words

Shines	:	Gives off light, to be bright
